

HOODSTRIP® - 888 SEMI-PASTE REMOVER **NON-FLAMMABLE - ALL PURPOSE**

Best all purpose semi-paste finish remover on the market for hand stripping. Contains no harsh chemicals, lye or strong acids to effectively remove lacquers, varnishes, urethanes, most paints and pre-catalyzed lacquers. By design, ***gentle on the hands and glue joints too, yet fast acting.*** Non-grain raising. Has stain pulling action, and can slightly lighten the wood surface when neutralized after with a power wash (water). Non-flammable; with low evaporation rate and low odor. Water wash or, neutralize with a solvent such as lacquer thinner, wash thinner or any other suitable solvent or just wipe with rags; no-wash. **Methylene chloride based.**

Key Benefits

- ✓ Fast acting, very low odor, and non-flammable
- ✓ Excellent for on site jobs due to low odor and non-flammability
- ✓ Stays wet longer thus longer acting on multi coat paints
- ✓ Clings to vertical surfaces
- ✓ Gentle on hands and glue joints; non-grain raising
- ✓ Water wash, solvent neutralize or just wipe with rags
