

# HVLP Turbine Spray Systems

## HVLP Versus other Spray Systems

### High-Pressure Spraying:

- 65% plus overspray
- Material wastage
- Health risk

### HVLP Turbine Spraying:

- ✓ Virtually no overspray
- ✓ Substantial savings
- ✓ Healthier work environment

# FUJI SPRAY

The **Q3 GOLD**, **Q4 GOLD**, **MiniMite-3** and **MiniMite-4** spray systems are powered by high performance, 3-stage or 4-stage workhorse turbine engines, and the new XPC class **non-bleeder** spray gun that is anything but ordinary. Aside from their superior spray performance with all types of finishes, and a **two year warranty**, the **GOLD** series spray systems, through their patented technology are up to 75% quieter than competitive systems on the market, including the MiniMite series units. **Save up to 90%** on material consumption too, over conventional air spray systems. Whether you're a professional finisher, refinisher or just a hobbyist woodworker, **FUJI Spray Systems** are perfect for spraying wood, metal, plastic or canvas. Simply unsurpassed! **All four units are capable of running two guns simultaneously. Second gun and hose are optional. Aside from reduced noise level, there is no difference between the Gold and MiniMite respective units in performance, engine, gun and hose.**

6 Ft Flexible Whip Hose

### ACCESSORIES

ESP-005	25ft Air Hose	\$69.95
60-4415	Flexible 6 ft Whip Hose	\$31.95

<b>XPC Spray Gun (with Cup Gun Assembly)</b>				<b>\$299.00</b>

# HVLP & COMPRESSED AIR SPRAY GUN

## LYNX-4™ HVLP GRAVITY FEED SPRAY GUN

Converts your compressed air to HVLP. Simply connect our LYNX™-3 HVLP Guns directly to your shop's air line and you are ready to reap the benefits of a High Volume Low Pressure spray system. Operating at standard air line pressures, the LYNX™-4 HVLP Guns creates less than 10 psi of pressure at the guns while maintaining a minimum of 65% transfer efficiency. No matter what you are spraying, you are sure to save up to 50% in material consumption. The LYNX™-4 guns are the best on the market based on benefit to cost and customer feedback.

It requires only a 3 HP ordinary shop compressor\* to do an excellent spray finishing job with most sprayable materials including all HYDROCOTE® finishes. Other conversion guns currently on the market require a minimum of a 5 HP compressor to deliver less than equivalent results.

LYNX™-4 HVLP Gun is as easy to use as the high pressure gun you're using now or accustomed. No complicated attachments, manifolds or large cumbersome hoses needed. Includes gun and cup gun assembly. Supplied with 1.4 mm atomizing set. Includes a 600 ml polyethylene cup with screw on cap. Larger cups and of aluminum construction are also available.

<b>LYNX-3GF</b>	Spray Gun with Cup Gun Assembly - Gravity Type (4#)	<b>\$ 149.95</b>
580-10058-GF	1.5 mm Atomizing Set - Gravity Feed Gun	<b>\$ 69.00</b>
580-10086-GF	2.2 mm Atomizing Set - Gravity Feed Gun	<b>\$ 69.00</b>
91641	600 ml Gravity Feed <b>Plastic</b> Cup w/Lid	<b>\$ 19.95</b>
91646	600 ml Gravity Feed <b>Aluminum</b> Cup w/Lid	<b>\$ 23.95</b>
91644	1000 ml Gravity Feed <b>Aluminum</b> Cup w/Lid	<b>\$ 29.95</b>

\*A 1 HP compressor can power the gun, but for short spraying sessions only.

## CONVENTIONAL DRIP PROOF COMPRESSED AIR SPRAY GUN

Economical, industrial quality, syphon type spray gun, that yields a smooth, clean finish every time. An excellent product for use with all sprayable coating and stains, as well as contact cement. Its standard fluid flow set up sprays HYDROCOTE® Finishes like a champ. Requires 10 cfm at 45 psi of pressure. Supplied with 1.8 mm atomizing set.

32520 Industrial Cup Gun **\$59.95**

## CONVENTIONAL GRAVITY FEED SPRAY GUN

Economical, light weight, industrial quality, gravity feed type spray gun, that yields a smooth, clean finish every time. An excellent product for use with all sprayable coating and stains, as well as contact cement. Its standard fluid flow set up sprays all finishes quite well, including HYDROCOTE® brand Finishes. Requires 10 cfm at 45 psi of pressure. Supplied with 1.4 mm atomizing set. Includes 20 oz plastic cup.

32521 Gravity Feed Spray Gun **\$59.95**  
91647 20 oz Gravity Feed **Plastic** Cup w/Lid **\$19.95**

## TOUCH UP SPRAY GUN W/CUP

Syphon type for pinpoint accuracy in touch up shading, detailing, distressing, etc. Requires 30-50 psi of pressure. Comes complete with 8 oz cup.

32510 **\$39.95**

## TSG-1000 HVLP SPRAY GUN

High performance HVLP gun for turbine sprayers only. Equipped with 1.4 mm atomizing set, this rugged, all metal bleeder gun delivers high quality finishes at 85 to 90% transfer efficiency. Great replacement for your old worn out gun, or as a second gun. Excellent for use with all types of sprayable finishes. Connects to any turbine spayer having a 3/4" hose coupling. Supplied complete, gun and cup assembly. All metal, no breakable plastic parts.

TSG-1000 **\$179.00**

## 2-1/2 GALLON PRESSURE POT

Superior quality pressure pot designed for high production operation. Includes an air regulator and gauge, fluid hose, and a safety valve. Air hose is optional. Heavy duty galvanized steel construction for greater durability and compatibility with water based finishes. Easily adaptable to Fuji Turbine system, above LYNX-3 Conversion Gun and the conventional gun.

32620 Pressure Pot **\$195.00**  
38650 Air Hose **\$49.00**  
38825 15' Material Hose **\$49.00**
